

IMPORT

CONDITIONS FOR TRAVELLING WITH PET ANIMALS FROM THE UNITED KINGDOM TO FRANCE

TRAVELLING WITH A DOMESTIC CARNIVORE

**STEP 1: DECLARE YOUR DOMESTIC CARNIVORE NO
LATER THAN ON SITE CHECK-IN:**

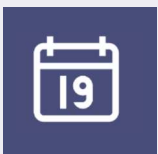

Type (dog/cat/ferret)

The number of animals, which must be five or fewer specimens per person (*unless proof is provided of registration for a sports or cultural event*)

The number of the pet micro-chip

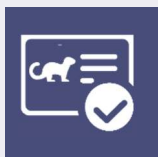

The date of vaccination against rabies

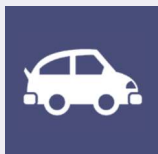

STEP 2: ON BOARDING, PRESENT YOUR DOMESTIC PET CARNIVORE FOR CHECKS BY THE FERRY COMPANY OR TUNNEL PERSONNEL FOR THE FOLLOWING:

Scanning of the micro-chip

Verification of the sanitary certificate issued by the UK authorities

Ensure your vehicle is identified (sticker or hanger, etc.)

STEP 3: ON DISEMBARKATION, ON ARRIVAL IN FRANCE:

Go to customs

Dogs identifiable as belonging to breeds such as Staffordshire Terrier, American Staffordshire terrier (Pit Bull), Mastiff (Boerboel) or Tosa, and not registered in a Breed Book, are classed as category 1 attack dogs. Their importation into France is prohibited.

TRAVELLING WITH A PET OTHER THAN A DOMESTIC CARNIVORE

For all other types of pet animal (birds, rabbits, reptiles, etc.), up to the limit of five specimens per person, you should go to customs in order to present the required sanitary certificates.
