<u>Export of living animals to France (via Calais) :</u> a reservation is required for sanitary controls at the borders

## Type of animals concerned by the appointments for sanitary control at the borders in Calais :

- Horses\*: 1 appointment per vehicle or per horse depending on the case
- 1 day old chicks: 1 appointment per batch
- Domestic carnivores\* (dogs, cats, ferrets): 1 appointment per batch of animals

\* Applicable procedures can be consulted on : <u>https://agriculture.gouv.fr/le-brexit-et-les-controles-sanitaires-et-phytosanitaires</u>

Make an appointment before transporting animals to France:

For arrival via the Channel Tunnel: <u>https://www.eurotunnelfreight.com/</u>

For arrival by ferry at the Port of Calais: https://lc.cx/VetControlCalais

TO MAKE AN APPOINTMENT, the animals must have been identified beforehand in the TRACES NT tool (TRAde Control and Expert System).
